

MOBILE CONCRETE BATCHING PLANT WITH REVERSIBLE MIXER (RMB SERIES)

Another mobile type concrete batching plant series which comes with proven reversible drum type concrete mixer which is highly appreciated by the industry. Economic design and very cost effective than other mobile type concrete batching plants as it has very low operating cost and less connected power hence consumes less electricity.

PRODUCT SPECIFICATION

Model	RMB 15	RMB 20
Output capacity	15 CM/ Hr.	20 CM/ Hr.
Mixer type	Reversible drum type mixer	
Mix and Discharge of concrete	Forward rotation of the drum mix the material and reverse rotation of the drum discharge the concrete	
Main mixer drive	15 HP	20 HP
Plant assembly	Whole plant assembly on single chassis	
Material storage system	2 x 2 Cross bin feeder	
Material storage capacity	14 CM	16 CM
Material weighing system	Digital load cell based weighing	
Cement feeding system	Through inclined screw conveyor	
Water feeding system	Flow meter based water feeding system	
Water tank capacity	250 liter	300 liter
Admixture dozing system	Auto admixture dozing system	

Tyres	4 no	4 no
Tow bar facility	Yes	Yes
Control panel	PLC based control panel with internal cabling	
Total connected power	35 HP	42 HP
Suggested DG Set	42 KVA	50 KVA
Concrete discharge height	1.2 meter	1.5 meter
