

## STATIONARY CONCRETE BATCHING PLANT (CP SERIES)

Due to continuous up gradation in our technology Venus Equipment reserves it's all right to change or alter the design of the machine without any prior notice. For any further clarification regarding products please feel free to call us @ +91 85111 89405, +91 85111 89406.

# VENUS EQUIPMENT

Complete Solutions for the Civil & Road Construction  
Machineries and Heavy Steel Fabrication

Model	CP 20	CP 30
Output capacity	20 M <sup>3</sup> / Hr.	30 M <sup>3</sup> /Hr.
Plant assembly	Whole assembly on single chassis	
Mixer type	Turbo pan type mixer/ twin shaft mixer	
Main reduction gear	Imported Planetary gear box	
Main mixer drive	20 HP	30 HP
Material storage system	2 x 2 cross bin feeder	
Material storage capacity	14 M <sup>3</sup>	16 M <sup>3</sup>
Material weighing system	Digital load cell based weighing system	
Material feeding system	Through inclined belt conveyor	
Cement feeding system	Through inclined screw conveyor	
Water weighing system	Digital load cell based weighing of water in separate tank	
Admixture dozing system	Auto admixture dozing system	
Control panel	Fully automatic PLC based control panel	
Control cabin	Provided	
Concrete discharge height	4.2 meter from ground level	
Total connected power	47 HP	62 HP
Suggested DG set	62 KVA	82 KVA

## Optional Accessories

- Computer SCADA system and software
- Cement storage silos
- Fly ash feeding system and storage silos
